A novel finite volume method for the Riesz space distributed-order advection-diffusion equation

J. Li, F. Liu, L. Feng, I. Turner

PII: S0307-904X(17)30071-9
DOI: [10.1016/j.apm.2017.01.065](https://doi.org/10.1016/j.apm.2017.01.065)
Reference: APM 11563

To appear in: *Applied Mathematical Modelling*

Received date: 21 June 2016
Revised date: 24 December 2016
Accepted date: 16 January 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- A distributed-order advection-diffusion equation is considered.
- A novel finite volume method is proposed.
- The stability and convergence with second-order accuracy are proved.
- Numerical results are given.
