Accepted Manuscript

Advanced control strategy on battery storage system for energy management and bidirectional power control in electrical networks

Reza Hemmati, Neda Azizi

PII:	S0360-5442(17)31247-1
DOI:	10.1016/j.energy.2017.07.071
Reference:	EGY 11259
To appear in:	Energy
Received Date:	23 November 2016
Revised Date:	15 June 2017
Accepted Date:	11 July 2017

Please cite this article as: Reza Hemmati, Neda Azizi, Advanced control strategy on battery storage system for energy management and bidirectional power control in electrical networks, *Energy* (2017), doi: 10.1016/j.energy.2017.07.071

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

1	Advanced control strategy on battery storage system for energy
2	management and bidirectional power control in electrical networks
