This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Mathematical Modeling of the Dynamic Behavior of an Integrated Photo-bioelectrochemical System for Simultaneous Wastewater Treatment and Bioenergy Recovery

Shuai Luo, Zhi-Wu Wang and Zhen He^{*}

Department of Civil and Environmental Engineering, Virginia Polytechnic Institute and State University, Blacksburg, VA 24061, USA

Intended for *Energy*

Type of contribution: **Research Article**
