Multi-objective target oriented robust optimization for the design of an integrated biorefinery

Charlle L. Sy, Aristotle T. Ubando, Kathleen B. Aviso, Raymond R. Tan

PII: S0959-6526(17)32134-0

DOI: [10.1016/j.jclepro.2017.09.140](https://doi.org/10.1016/j.jclepro.2017.09.140)

Reference: JCLP 10645

To appear in: *Journal of Cleaner Production*

Received Date: 28 December 2016

Revised Date: 14 September 2017

Accepted Date: 14 September 2017

Please cite this article as: Sy CL, Ubando AT, Aviso KB, Tan RR, Multi-objective target oriented robust optimization for the design of an integrated biorefinery, *Journal of Cleaner Production* (2017), doi: 10.1016/j.jclepro.2017.09.140.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Multi-Objective Target Oriented Robust Optimization for the Design of an Integrated Biorefinery
