

Accepted Manuscript

A novel intensified microreactor for syngas production by coupling reduction-oxidation reactions in chemical looping reforming process

Hadi Ebrahimi, Mohammad Rahmani

PII: S0959-6526(17)31869-3
DOI: 10.1016/j.jclepro.2017.08.143
Reference: JCLP 10402
To appear in: *Journal of Cleaner Production*

Received Date: 13 March 2017

Revised Date: 14 August 2017

Accepted Date: 16 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**A novel intensified microreactor for syngas production by
coupling reduction-oxidation reactions in chemical looping
reforming process**
