## **Accepted Manuscript**

A parametric study on the application of microfluidics for emulsion characterization

Subarna Kole, Prem Bikkina

PII: S0920-4105(17)30010-4

DOI: 10.1016/j.petrol.2017.06.008

Reference: PETROL 4020

To appear in: Journal of Petroleum Science and Engineering

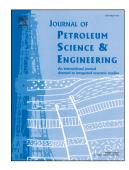

Received Date: 2 January 2017

Revised Date: 22 April 2017

Accepted Date: 2 June 2017

Please cite this article as: Kole, S., Bikkina, P., A parametric study on the application of microfluidics for emulsion characterization, *Journal of Petroleum Science and Engineering* (2017), doi: 10.1016/j.petrol.2017.06.008.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
