

## Accepted Manuscript

Effect of pressurization on helical guided wave energy velocity in fluid-filled pipes

Brennan Dubuc, Arvin Ebrahimkhanlou, Salvatore Salamone

PII: S0041-624X(16)30314-6

DOI: <http://dx.doi.org/10.1016/j.ultras.2016.11.013>

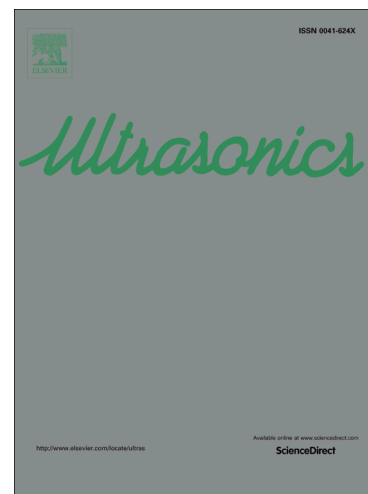

Reference: ULTRAS 5416

To appear in: *Ultrasonics*

Received Date: 23 August 2016

Revised Date: 31 October 2016

Accepted Date: 20 November 2016

Please cite this article as: B. Dubuc, A. Ebrahimkhanlou, S. Salamone, Effect of pressurization on helical guided wave energy velocity in fluid-filled pipes, *Ultrasonics* (2016), doi: <http://dx.doi.org/10.1016/j.ultras.2016.11.013>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effect of pressurization on helical guided wave energy velocity in fluid-filled pipes
