Fractional Physical Differential Equations via Natural Transform

S.Z. Rida , A.A.M. Arafa , A.S. Abedl-Rady , H.R. Abedl-Rahim

PII: S0577-9073(17)30200-9
DOI: [10.1016/j.cjph.2017.05.004](https://doi.org/10.1016/j.cjph.2017.05.004)
Reference: CJPH 235

To appear in: *Chinese Journal of Physics*

Received date: 9 March 2017
Revised date: 8 May 2017
Accepted date: 8 May 2017

Please cite this article as: S.Z. Rida , A.A.M. Arafa , A.S. Abedl-Rady , H.R. Abedl-Rahim , Fractional Physical Differential Equations via Natural Transform, *Chinese Journal of Physics* (2017), doi: [10.1016/j.cjph.2017.05.004](https://doi.org/10.1016/j.cjph.2017.05.004)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- The analytical exact solutions of fractional physical differential equations using a new technique.
- The new technique is called the natural transform method.
- The results reveal the power, efficiency, simplicity, accuracy, and the reliability of the proposed method.
