4D cardiac imaging at clinical 3.0T provides accurate assessment of murine myocardial function and viability

Lindsey A. Crowe, Fabrizio Montecucco, Federico Carbone, Iris Friedli, Anne-Lise Hachulla, Vincent Braunersreuther, François Mach, Jean-Paul Vallée

PII: S0730-725X(17)30147-9
DOI: doi: [10.1016/j.mri.2017.07.024](https://doi.org/10.1016/j.mri.2017.07.024)
Reference: MRI 8811

To appear in:

Received date: 6 March 2017
Revised date: 22 July 2017
Accepted date: 23 July 2017

Please cite this article as: Lindsey A. This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
