

## Accepted Manuscript

Gadolinium deposition in the brain: lessons learned from other metals known to cross the blood–brain barrier

John P. Prybylski, Erin Maxwell, Carla Coste-Sanchez, Michael Jay

PII: S0730-725X(16)30123-0  
DOI: doi: [10.1016/j.mri.2016.08.018](https://doi.org/10.1016/j.mri.2016.08.018)  
Reference: MRI 8610

To appear in: *Magnetic Resonance Imaging*

Received date: 10 June 2016  
Accepted date: 20 August 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title:** Gadolinium deposition in the brain: lessons learned from other metals known to cross the blood-brain barrier

**Author names, contact and affiliations:**
