## Research Institution:

Department of Oncology, University of Calgary  
Tom Baker Cancer Centre  
1331 29 Street Northwest  
Calgary, Alberta  
Canada T2N 4N2

## Short Running Title:

Automated delivery brachytherapy outcomes

## Key Words:

Brachytherapy, prostate, automated delivery

**Number of Pages:** 11

**Number of Tables:** 4

**Number of Figures:** 3

**Use of copyrighted materials:** None

**Conflicts of Interest:** This project was funded in part by an unrestricted educational research grant provided by Elekta Inc. The funder did not contribute to study design, data collection or analysis. They were not involved in manuscript preparation and did not provide input on decisions regarding publication.

**Acknowledgements:** The authors would like to thank Dr Fred Saad for their continuous financial support in maintaining one of the databases.
