

## Accepted Manuscript

Title: Fanconi Anemia: A DNA repair disorder characterized by accelerated decline of the hematopoietic stem cell compartment and other features of aging

Author: Robert M. Brosh Jr. Marina Bellani Yie Liu Michael M. Seidman

PII: S1568-1637(16)30081-2  
DOI: <http://dx.doi.org/doi:10.1016/j.arr.2016.05.005>  
Reference: ARR 672

To appear in: *Ageing Research Reviews*

Received date: 11-3-2016  
Revised date: 6-5-2016  
Accepted date: 13-5-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Fanconi Anemia: a DNA Repair Disorder Characterized by Accelerated Decline  
of the Hematopoietic Stem Cell Compartment and Other Features of Aging**

Robert M. Brosh, Jr.\* , Marina Bellani, Yie Liu, and Michael M. Seidman\*
