

## Accepted Manuscript

Intracerebral haemorrhage risk in microbleed-positive ischaemic stroke patients with atrial fibrillation: Preliminary meta-analysis of cohorts and anticoagulation decision schema

Andreas Charidimou, Gregoire Boulouis, Sara Shams, David Calvet, Ashkan Shoamanesh, for the International META-MICROBLEEDS Initiative

PII: S0022-510X(17)30283-6  
DOI: doi: [10.1016/j.jns.2017.04.042](https://doi.org/10.1016/j.jns.2017.04.042)  
Reference: JNS 15296

To appear in: *Journal of the Neurological Sciences*

Received date: 14 February 2017  
Revised date: 31 March 2017  
Accepted date: 25 April 2017

The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. *Jns*(2017), doi: [10.1016/j.jns.2017.04.042](https://doi.org/10.1016/j.jns.2017.04.042)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Intracerebral haemorrhage risk in microbleed-positive ischaemic stroke patients with atrial fibrillation: preliminary meta-analysis of cohorts and anticoagulation decision schema**
