Title: Mitochondria and mitochondria-induced signalling molecules as longevity determinants

Author: Giuseppina Rose Aurelia Santoro Stefano Salvioli

PII: S0047-6374(16)30173-7
DOI: <http://dx.doi.org/doi:10.1016/j.mad.2016.12.002>
Reference: MAD 10900

To appear in: *Mechanisms of Ageing and Development*

Received date: 29-9-2016
Revised date: 28-11-2016
Accepted date: 7-12-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Mitochondria and mitochondria-induced signalling molecules as longevity determinants
