

## Accepted Manuscript

Title: Chronic Oxidative Damage together with Genome Repair Deficiency in the Neurons is a Double Whammy for Neurodegeneration: Is Damage Response Signaling a Potential Therapeutic Target?

Author: Haibo Wang Prakash Dharmalingam Velmarini Vasquez Joy Mitra Istvan Boldogh K.S. Rao Thomas A. Kent Sankar Mitra Muralidhar L. Hegde

PII: S0047-6374(16)30168-3  
DOI: <http://dx.doi.org/doi:10.1016/j.mad.2016.09.005>  
Reference: MAD 10885

To appear in: *Mechanisms of Ageing and Development*

Received date: 18-5-2016  
Revised date: 13-9-2016  
Accepted date: 19-9-2016

Please cite this article as: Wang, Haibo, Dharmalingam, Prakash, Vasquez, Velmarini, Mitra, Joy, Boldogh, Istvan, Rao, K.S., Kent, Thomas A., Mitra, Sankar, Hegde, Muralidhar L., Chronic Oxidative Damage together with Genome Repair Deficiency in the Neurons is a Double Whammy for Neurodegeneration: Is Damage Response Signaling a Potential Therapeutic Target?. *Mechanisms of Ageing and Development* <http://dx.doi.org/10.1016/j.mad.2016.09.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
