

Accepted Manuscript

Genome-wide gene-environment interaction analysis of pesticide exposure and risk of Parkinson's disease

J.M. Biernacka, S.J. Chung, S.M. Armasu, K.S. Anderson, C.M. Lill, L. Bertram, J.E. Ahlskog, L. Brighina, R. Frigerio, D.M. Maraganore

PII: S1353-8020(16)30286-3

DOI: [10.1016/j.parkreldis.2016.08.002](https://doi.org/10.1016/j.parkreldis.2016.08.002)

Reference: PRD 3087

To appear in: *Parkinsonism and Related Disorders*

Received Date: 21 December 2015

Revised Date: 24 May 2016

Accepted Date: 1 August 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Genome-Wide Gene-Environment Interaction Analysis of Pesticide Exposure and Risk of Parkinson's Disease
