Protective effect of bacillopeptidase CFR5 from *Bacillus subtilis* CFR5 on cerulein-induced pancreatitis

G.R. Sharmila, G. Venkateswaran

PII: S0006-291X(17)31396-7

DOI: [10.1016/j.bbrc.2017.07.054](https://doi.org/10.1016/j.bbrc.2017.07.054)

Reference: YBBRC 38160

To appear in: *Biochemical and Biophysical Research Communications*

Received Date: 2 July 2017

Revised Date: 0006-291X June 0006-291X

Accepted Date: 10 July 2017

Please cite this article as: G.R. Sharmila, G. Venkateswaran, Protective effect of bacillopeptidase CFR5 from *Bacillus subtilis* CFR5 on cerulein-induced pancreatitis, *Biochemical and Biophysical Research Communications* (2017), doi: 10.1016/j.bbrc.2017.07.054.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Protective effect of bacillopeptidase CFR5 from *Bacillus subtilis* CFR5 on cerulein-induced pancreatitis
