p16 deficiency promotes nonalcoholic steatohepatitis via regulation of hepatic oxidative stress

Fangqiao Lv, Jun Wu, Dengshun Miao, Wei An, Yutong Wang

PII: S0006-291X(17)30480-1

DOI: [10.1016/j.bbrc.2017.03.023](https://doi.org/10.1016/j.bbrc.2017.03.023)

Reference: YBBRC 37410

To appear in: *Biochemical and Biophysical Research Communications*

Received Date: 27 February 2017

Accepted Date: 8 March 2017

Please cite this article as: F. Lv, J. Wu, D. Miao, W. An, Y. Wang, p16 deficiency promotes nonalcoholic steatohepatitis via regulation of hepatic oxidative stress, *Biochemical and Biophysical Research Communications* (2017), doi: 10.1016/j.bbrc.2017.03.023.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

p16 deficiency promotes nonalcoholic steatohepatitis via regulation of hepatic oxidative stress
