The role of extracellular vesicles in neurodegenerative diseases

Camelia Quek, Andrew F. Hill

PII: S0006-291X(16)31557-1

DOI: [10.1016/j.bbrc.2016.09.090](https://doi.org/10.1016/j.bbrc.2016.09.090)

Reference: YBBRC 36469

To appear in: *Biochemical and Biophysical Research Communications*

Received Date: 30 July 2016

Revised Date: 8 September 2016

Accepted Date: 18 September 2016

Please cite this article as: C. Quek, A.F. Hill, The role of extracellular vesicles in neurodegenerative diseases, *Biochemical and Biophysical Research Communications* (2016), doi: 10.1016/j.bbrc.2016.09.090.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The role of extracellular vesicles in neurodegenerative diseases
