

Accepted Manuscript

Cardiolipin plays an essential role in the formation of intracellular membranes in *Escherichia coli*

Gerardo Carranza, Federica Angius, Oana Iliaia, Audrey Solgady, Bruno Miroux, Ignacio Arechaga

PII: S0005-2736(17)30080-9
DOI: doi:[10.1016/j.bbamem.2017.03.006](https://doi.org/10.1016/j.bbamem.2017.03.006)
Reference: BBAMEM 82445

To appear in: *BBA - Biomembranes*

Received date: 15 December 2016
Revised date: 22 February 2017
Accepted date: 7 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Cardiolipin plays an essential role in the formation of intracellular membranes in
Escherichia coli
