Cholesterol modulates the cellular localization of Orai1 channels and its disposition among membrane domains

A. Bohórquez-Hernández, Enrico Gratton, Jonathan Pacheco, Alexander Asanov, Luis Vaca

PII: S1388-1981(17)30190-7
DOI: doi: [10.1016/j.bbalip.2017.09.005](https://doi.org/10.1016/j.bbalip.2017.09.005)
Reference: BBAMCB 58203

To appear in:

Received date: 6 June 2017
Revised date: 4 September 2017
Accepted date: 10 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Cholesterol modulates the cellular localization of Orai1 channels and its disposition
among membrane domains
