

## Accepted Manuscript

Title: Methylglyoxal upregulates *Dictyostelium discoideum* slug migration by triggering glutathione reductase and methylglyoxal reductase activity

Authors: Hyang-Mi Lee, Ji-Hui Seo, Min-Kyu Kwak, Sa-Ouk Kang

PII: S1357-2725(17)30182-6  
DOI: <http://dx.doi.org/doi:10.1016/j.biocel.2017.07.019>  
Reference: BC 5184

To appear in: *The International Journal of Biochemistry & Cell Biology*

Received date: 2-4-2017  
Revised date: 13-7-2017  
Accepted date: 27-7-2017

Please cite this article as: Lee, Hyang-Mi., Seo, Ji-Hui., Kwak, Min-Kyu., & Kang, Sa-Ouk., Methylglyoxal upregulates *Dictyostelium discoideum* slug migration by triggering glutathione reductase and methylglyoxal reductase activity. *International Journal of Biochemistry and Cell Biology* <http://dx.doi.org/10.1016/j.biocel.2017.07.019>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Methylglyoxal upregulates *Dictyostelium discoideum* slug migration by triggering glutathione reductase and methylglyoxal reductase activity**
