

## Accepted Manuscript

Title: Deficiency in perilipin 5 reduces mitochondrial function and membrane depolarization in mouse hearts

Authors: Linda Andersson, Christina Drevinge, Ismena Mardani, Knut T. Dalen, Marcus Ståhlman, Martina Klevstig, Annika Lundqvist, Fred Haugen, Martin Adiels, Per Fogelstrand, Jorge Asin-Cayuela, Lillemor Mattsson Hultén, Max Levin, Ewa Ehrenborg, Yun K. Lee, Alan R. Kimmel, Jan Borén, Malin C. Levin

PII: S1357-2725(17)30185-1  
DOI: <http://dx.doi.org/doi:10.1016/j.biocel.2017.07.021>  
Reference: BC 5186

To appear in: *The International Journal of Biochemistry & Cell Biology*

Received date: 24-3-2017  
Revised date: 27-7-2017  
Accepted date: 31-7-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Deficiency in perilipin 5 reduces mitochondrial function and membrane depolarization  
in mouse hearts**
