

## Accepted Manuscript

Title: Changes in physicochemical properties and *in vitro* starch digestion of native and extruded maize flours subjected to branching enzyme and maltogenic  $\alpha$ -amylase treatment

Authors: Laura Román, Mario M. Martínez, Cristina M. Rosell, Manuel Gómez

PII: S0141-8130(17)30173-3  
DOI: <http://dx.doi.org/doi:10.1016/j.ijbiomac.2017.03.109>  
Reference: BIOMAC 7275

To appear in: *International Journal of Biological Macromolecules*

Received date: 17-1-2017  
Revised date: 10-3-2017  
Accepted date: 20-3-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Changes in physicochemical properties and *in vitro* starch digestion of native and extruded maize flours subjected to branching enzyme and maltogenic  $\alpha$ -amylase treatment**
