Title: An Experimental and Quantum Chemical Study of Removal of Utmosty Quantified Heavy Metals in Wastewater Using Coconut Husk: A Novel Approach to Mechanism

Authors: Reena Malik, Shefali Dahiya, Suman Iata

PII: S0141-8130(16)32995-6
DOI: <http://dx.doi.org/doi:10.1016/j.ijbiomac.2017.01.100>
Reference: BIOMAC 7007

To appear in: *International Journal of Biological Macromolecules*

Received date: 22-12-2016
Revised date: 6-1-2017
Accepted date: 23-1-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

An Experimental and Quantum Chemical Study of Removal of
Utmost Quantified Heavy Metals in Wastewater Using Coconut
Husk: A Novel Approach to Mechanism

Reena Malik¹, Shefali Dahiya¹, Suman lata^{1*}
