This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Hypertension alters the endothelial-dependent biphasic response of bradykinin in isolated
Microminipig basilar artery

Md. Zahorul Islam^{1*}, Hiroaki Kawaguchi^{2*}, Naoki Miura³, Noriaki Miyoshi⁴, Emi
Yamazaki-Himeno¹, Mitsuya Shiraishi¹, Atsushi Miyamoto¹, Akihide Tanimoto⁵
