Enhanced behavioral immune defenses in a *C. elegans* C-type lectin-like domain gene mutant

Barbara Pees, Anke Kloock, Rania Nakad, Camilo Barbosa, Katja Dierking

PII: S0145-305X(17)30141-6

DOI: [10.1016/j.dci.2017.04.021](https://doi.org/10.1016/j.dci.2017.04.021)

Reference: DCI 2891

To appear in: *Developmental and Comparative Immunology*

Received Date: 17 March 2017

Revised Date: 19 April 2017

Accepted Date: 19 April 2017

Please cite this article as: Pees, B., Kloock, A., Nakad, R., Barbosa, C., Dierking, K., Enhanced behavioral immune defenses in a *C. elegans* C-type lectin-like domain gene mutant, *Developmental and Comparative Immunology* (2017), doi: 10.1016/j.dci.2017.04.021.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Enhanced behavioral immune defenses in a *C. elegans* C-type
lectin-like domain gene mutant

Short Communication
