

## Accepted Manuscript

Title: The potential of landscape genomics approach in the characterization of adaptive genetic diversity in indigenous goat genetic resources: A South African Perspective

Authors: Khanyisile Mdladla, Edgar F. Dzomba, Farai C. Muchadeyi

PII: S0921-4488(17)30084-6  
DOI: <http://dx.doi.org/doi:10.1016/j.smallrumres.2017.03.015>  
Reference: RUMIN 5453

To appear in: *Small Ruminant Research*

Received date: 13-8-2016  
Revised date: 14-3-2017  
Accepted date: 17-3-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
