Title: Time-dependent impact of glutamatergic modulators on the promnesiant effect of 5-HT₆R blockade on mice recognition memory

Author: Rachel Asselot Emmanuelle Simon-O'Brien Sophie Lebourgeois Gérald Nee Virgile Delaunay Pascal Duchatelle Valentine Bouet François Dauphin

PII: S1043-6618(16)30558-8
DOI: <http://dx.doi.org/doi:10.1016/j.phrs.2016.06.009>
Reference: YPHRS 3202

To appear in: *Pharmacological Research*

Received date: 25-3-2016
Revised date: 7-6-2016
Accepted date: 8-6-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title

Time-dependent impact of glutamatergic modulators on the promnesiant effect of 5-HT₆R blockade on mice recognition memory
