Toxicological implications of released particulate matter during thermal decomposition of nano-enabled thermoplastics

Christa Watson-Wright, Dilpreet Singh, Philip Demokritou

PII: S2452-0748(16)30103-3
DOI: doi: [10.1016/j.impact.2016.12.003](https://doi.org/10.1016/j.impact.2016.12.003)
Reference: IMPACT 44

To appear in: *NANOIMPACT*

Received date: 7 September 2016
Revised date: 15 December 2016
Accepted date: 20 December 2016

Please cite this article as: Christa Watson-Wright, Dilpreet Singh, Philip Demokritou , Toxicological implications of released particulate matter during thermal decomposition of nano-enabled thermoplastics. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Impact(2016), doi: [10.1016/j.impact.2016.12.003](https://doi.org/10.1016/j.impact.2016.12.003)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Toxicological Implications of Released Particulate Matter during Thermal Decomposition
of Nano-Enabled Thermoplastics**
