

Accepted Manuscript

Title: Connexin hemichannel inhibition reduces acetaminophen-induced liver injury in mice

Authors: Michaël Maes, Sara Crespo Yanguas, Joost Willebrords, James L. Weemhoff, Tereza Cristina da Silva, Elke Decrock, Margitta Lebofsky, Isabel Veloso Alves Pereira, Luc Leybaert, Anwar Farhood, Hartmut Jaeschke, Bruno Cogliati, Mathieu Vinken

PII: S0378-4274(17)30242-4
DOI: <http://dx.doi.org/doi:10.1016/j.toxlet.2017.07.007>
Reference: TOXLET 9804

To appear in: *Toxicology Letters*

Received date: 15-5-2017
Revised date: 27-6-2017
Accepted date: 1-7-2017

Please cite this article as: Maes, Michaël, Yanguas, Sara Crespo, Willebrords, Joost, Weemhoff, James L., da Silva, Tereza Cristina, Decrock, Elke, Lebofsky, Margitta, Pereira, Isabel Veloso Alves, Leybaert, Luc, Farhood, Anwar, Jaeschke, Hartmut, Cogliati, Bruno, Vinken, Mathieu, Connexin hemichannel inhibition reduces acetaminophen-induced liver injury in mice. *Toxicology Letters* <http://dx.doi.org/10.1016/j.toxlet.2017.07.007>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
