Time to clinically relevant fracture risk scores in postmenopausal women

Margaret L. Gourlay, MD, MPH, Robert A. Overman, MPH, Jason P. Fine, ScD, Carolyn J. Crandall, MD, MS, John Robbins, MD, MHS, John T. Schousboe, MD, PhD, Kristine E. Ensrud, MD, MPH, Erin S. LeBlanc, MD, MPH, Margery L. Gass, MD, Karen C. Johnson, MD, MPH, Catherine R. Womack, MD, Andrea Z. LaCroix, PhD

PII: S0002-9343(17)30218-8

DOI: [10.1016/j.amjmed.2017.02.012](https://doi.org/10.1016/j.amjmed.2017.02.012)

Reference: AJM 13950

To appear in: *The American Journal of Medicine*

Received Date: 1 October 2016

Revised Date: 7 January 2017

Accepted Date: 18 February 2017

Please cite this article as: Gourlay ML, Overman RA, Fine JP, Crandall CJ, Robbins J, Schousboe JT, Ensrud KE, LeBlanc ES, Gass ML, Johnson KC, Womack CR, LaCroix AZ, for the Women's Health Initiative Investigators, Time to clinically relevant fracture risk scores in postmenopausal women, *The American Journal of Medicine* (2017), doi: 10.1016/j.amjmed.2017.02.012.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
