

# Accepted Manuscript

Heavy cannabis use is associated with low bone mineral density and an increased risk of fractures

Antonia Sophocleous, PhD, Roy Robertson, MD, Nuno B. Ferreira, PhD, James McKenzie, RGN, William D. Fraser, MD, Stuart H. Ralston, MD

PII: S0002-9343(16)30851-8

DOI: [10.1016/j.amjmed.2016.07.034](https://doi.org/10.1016/j.amjmed.2016.07.034)

Reference: AJM 13674

To appear in: *The American Journal of Medicine*

Received Date: 21 July 2016

Revised Date: 30 July 2016

Accepted Date: 30 July 2016

Please cite this article as: Sophocleous A, Robertson R, Ferreira NB, McKenzie J, Fraser WD, Ralston SH, Heavy cannabis use is associated with low bone mineral density and an increased risk of fractures, *The American Journal of Medicine* (2016), doi: 10.1016/j.amjmed.2016.07.034.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Funding:** The study was supported by a programme grant from Arthritis Research UK (17713).

**Disclosure:** SHR is inventor on a patent concerning the use of cannabinoid receptor ligands as treatments for osteoporosis and other bone diseases. The other authors have no conflicts of interest to declare.

**Article type:** Clinical Research Study

**Keywords:** Cannabis, cannabinoids, bone mineral density, fracture

**Running head:** Effect of heavy cannabis exposure on bone health

**Authorship:** All authors had access to the data and played a role in writing the manuscript. Study design and conceptualization: SHR, AS; Investigation: AS, JMK; Statistical analyses: AS, NBF; Resources and Supervision: RR, WDF; Interpretation of results: AS, NBF, SHR; Writing – Original Draft: AS, SHR; Writing – Review & Editing: all authors; Funding Acquisition: SHR.
