Hepatocellular Carcinoma Screening Associated with Early Tumor Detection and Improved Survival among Patients with Cirrhosis in the United States

Amit G. Singal, MD MS, Sahil Mittal, MD, Olutola A. Yerokun, BS, Chul Ahn, PhD, Jorge Marrero, MD MS, Adam Yopp, MD, Neehar D. Parikh, MD MS, Steve J. Scaglione, MD

PII: S0002-9343(17)30128-6

DOI: [10.1016/j.amjmed.2017.01.021](https://doi.org/10.1016/j.amjmed.2017.01.021)

Reference: AJM 13909

To appear in: *The American Journal of Medicine*

Received Date: 7 November 2016

Revised Date: 14 December 2016

Accepted Date: 24 January 2017

Please cite this article as: Singal AG, Mittal S, Yerokun OA, Ahn C, Marrero J, Yopp A, Parikh ND, Scaglione SJ, Hepatocellular Carcinoma Screening Associated with Early Tumor Detection and Improved Survival among Patients with Cirrhosis in the United States, *The American Journal of Medicine* (2017), doi: 10.1016/j.amjmed.2017.01.021.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
