This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Early multiple coronary micro aneurysms following bioresorbable vascular scaffold implantation**

Fabien Picard, MD, MSc;

Philippe L. L'allier, MD;

Jean-François Tanguay, MD.

**Affiliations:** Interventional Cardiology, Department of Medicine, Montreal Heart Institute, Université de Montréal, Montréal, QC, Canada.

**Address for correspondence:** Fabien Picard, Montreal Heart Institute, Interventional Cardiology Division, Department of Medicine, Université de Montréal, 5000 Belanger Street, Montreal, Canada HIT 1C8; Mail: [Fabien.picard@live.fr](mailto:Fabien.picard@live.fr)

**Running title: Post BVS micro aneurysms**

**Relationship with industry:** Dr Jean-François Tanguay has received honorarium as consultant and research funding from Abbott Vascular. The other authors report no conflict of interest.

**Keywords:** bioresorbable vascular scaffold; BVS; coronary aneurysm; everolimus;
