A local inflammatory renin-angiotensin system drives sensory axon sprouting in provoked vestibulodynia

Zhaohui Liao, Anuradha Chakrabarty, Ying Mu, Aritra Bhattacharjee, Martha Goestch, Catherine M. Leclair, Peter G. Smith

PII: S1526-5900(16)30367-4

DOI: [10.1016/j.jpain.2016.12.008](https://doi.org/10.1016/j.jpain.2016.12.008)

Reference: YJPAI 3347

To appear in: *Journal of Pain*

Received Date: 21 October 2016

Revised Date: 1 December 2016

Accepted Date: 12 December 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
