The Transition of Acute Postoperative Pain to Chronic Pain: An Integrative Overview of Research on Mechanisms

C.Richard Chapman, PhD, Charles J. Vierck, PhD

PII: S1526-5900(16)30329-7

DOI: [10.1016/j.jpain.2016.11.004](https://doi.org/10.1016/j.jpain.2016.11.004)

Reference: YJPAI 3329

To appear in: *Journal of Pain*

Received Date: 25 April 2016

Revised Date: 15 October 2016

Accepted Date: 16 November 2016

Please cite this article as: Chapman CR, Vierck CJ, The Transition of Acute Postoperative Pain to Chronic Pain: An Integrative Overview of Research on Mechanisms, *Journal of Pain* (2016), doi: 10.1016/j.jpain.2016.11.004.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The Transition of Acute Postoperative Pain to Chronic Pain: An Integrative Overview of Research on Mechanisms

C. Richard Chapman, PhD

Department of Anesthesiology, School of Medicine, University of Utah, Salt Lake City, UT

Charles J. Vierck, PhD

Department of Neuroscience and the McKnight Brain Institute, University of Florida College of Medicine, Gainesville FL

Address correspondence to: C. Richard Chapman, PhD, Emeritus Professor, Pain Research Center, Department of Anesthesiology, University of Utah, 615 Arapeen Dr., Suite 200, Salt Lake City, UT 84108, USA; phone: 801-585-7690; e-mail: Richard.Chapman@hsc.utah.edu

Disclosures: Grants from Mallinckrodt Pharmaceuticals to Synchrony Medical Communications and C4 MedSolutions facilitated the retrieval and purchase of published articles and provided proof reading for parts of this manuscript. The authors have no conflicts of interest to report.

Short title: Transition of Acute Pain to Chronic Pain

Key words: acute postoperative pain, persistent postsurgical pain, pain chronification, epidemiology, neurophysiology
