

Abstracts of free papers presented at the annual meeting of the Obstetric Anaesthetists' Association, Brussels, 18 & 19 May 2017

(The presenter is underlined)

ORAL PRESENTATIONS

- O1** **Lessons from four years' experience in the use of ROTEM-guided fibrinogen concentrate in major obstetric haemorrhage** S7
RA Smith, S Mallaiah, C Chevannes, H McNamara
- O2** **Does magnetic resonance imaging of epidural cerebrospinal fluid spread correlate with severity of headache following accidental dural puncture? A proof-of-concept observational multi-centre study** S7
T Setty, R Fernando, A Majeed, M Columb, H Hyare, I Ahmed, S Ciechanowicz
- O3** **Systemic maternal and umbilical cord fentanyl transfer after epidural administration with adrenaline: a double-blind, randomised trial** S8
F Haidl, O Spigset, LA Rosseland, V Dahl
- O4** **A randomised controlled trial of remifentanyl intravenous patient controlled analgesia (PCA) versus intramuscular pethidine for pain relief in labour (RESPITE trial)** S8
MJ Wilson, C MacArthur, F Gao Smith, LE Homer, CA Hewitt, K Handley, JP Daniels
- O5** **SOFA and qSOFA scoring in labouring women suspected to have sepsis** S9
J Seeley, J Bowness, F Anderson, P Johnston, G McLeod, G Campbell
- O6** **ED95 of intrathecal hyperbaric prilocaine with sufentanil for scheduled caesarean delivery: a dose-finding study** S9
Y Vercruyse, R Leloup, PC Barlow, Y Kapessidou, P Goffard
- O7** **Changes in cardiac output using NICOM Cheetah during caesarean section under spinal anaesthesia with maintenance of normotension using phenylephrine and ephedrine boluses** S10
R French-O'Carroll, S Mac Colgáin, T Tan
- O8** **Effect of phenylephrine vs. ephedrine on ECG changes and cardiac function during spinal anaesthesia for caesarean section: a double-blind, randomised trial** S10
S Ciechanowicz, S Phillips, R Fernando, A Stewart, N El-Wahab, T Husain, W Mon, M Columb, S Patel
- O9** **A randomised comparison of bolus phenylephrine and ephedrine for the management of spinal hypotension in patients with severe preeclampsia and fetal compromise** S11
RA Dyer, A Emmanuel, S Adams, CJ Lombard, MJ Arcache, A Vorster, CA Wong, N Higgins, AR Reed, MF James, Y Joolay, S Schulein, D van Dyk
- O10** **Incidence of coagulopathy in obstetric cholestasis: a retrospective observational study** S11
J Gray, P McGlone, H McPhee, S Al-Rawi, A Sinha, R Bolton, F Riccio, S Allen, J Lees, K Blethyn, M Simpson

POSTER PRESENTATIONS

- P1** **Multi-centre impact evaluation of the introduction of non-Luer equipment on conversion of spinal to general anaesthesia at caesarean section** S12
A Maheswaran, P Sharpe, M Kinsella
- P2** **The perioperative anaesthetic management of cervical cerclage** S12
R Patel, P Shinde, C Papageorgiou, JA Ezike-Ejiofor
- P3** **Comparison of the LMA Supreme with tracheal intubation for airway management during general anaesthesia for caesarean delivery: a randomised controlled trial** S13
BL Sng, WY Yao, SY Li, RN Han, R Sultana, AT Sia
- P4** **Changes in the pulse oximeter waveform predict hypotension during the onset of spinal anaesthesia for elective caesarean section.** S13
IJ Wrench, J Healey, L Van Gemeren
- P5** **Improved outcomes with ROTEM-guided fibrinogen concentrate in major obstetric haemorrhage** S14
RAS Smith, S Mallaiah, P Barclay, C Chevannes, H McNamara
- P6** **The impact of obesity on cardiac function in pregnancy** S14
B S Buddeberg, N L Fernandes, A Vorster, B Cupido, C Lombard, T Girard, R A Dyer
- P7** **Remifentanyl PCA for labour analgesia; experience and service development over 10 years** S15
H Murray, P Hodgkinson, D Hughes
- P8** **The 'Triple P' procedure for the management of morbidly adherent placentas** S15
Z Malik, R Hartopp, A Shonfeld

- P9 Urgency of caesarean delivery, anaesthetic times and neonatal outcomes** S16
E Palmer, [SN Phillips](#), S Harris, A Reeve, P Sultan
- P10 Analysis of anaesthetic times for category 1 caesarean delivery: a five-year review of outcomes** S16
E Palmer, [SN Phillips](#), A Reeve, SN Harris, P Sutan
- P11 Service evaluation of postoperative pain following elective caesarean section: are we providing adequate analgesia at home?** S17
[A Colhoun](#), M Prince, I Wrench
- P12 Introduction of enhanced recovery programme for elective caesarean section has a positive impact on non-elective caesarean section: a tertiary referral centre experience** S17
[A Colhoun](#), I Wrench, S Aluri
- P13 Enhanced recovery bundle compliance correlates with length of stay** S18
[A Clark](#), A Kinnear, K Fraser, K Litchfield
- P14 Maternal satisfaction after caesarean section** S18
[Q Lo](#), M Wikner
- P15 Readmission rates following the introduction of an enhanced recovery pathway for elective caesarean section** S19
[M Folks](#), L Kessack, H Boyce, JW Broadway, G Bostock
- P16 Development of an obstetric 'Quality of Recovery' scoring tool (ObsQoR-15)** S19
[S Ciechanowicz](#), M Chazapis, C Sathasivam, E Robson, T Setty, P Sultan
- P17 Maternal temperature at caesarean section: changing practice over three audit cycles** S20
D Pakalapti, E Hood, [N Weale](#)
- P18 Intrathecal fentanyl does not increase bupivacaine-induced adverse thermoregulatory effects in women undergoing caesarean section under spinal anaesthesia** S20
[AO Adesiyani](#), OT Kushimo, KU Tobi
- P19 Postoperative mobilisation: is there a smoking gun?** S21
[C Marshall](#), K Litchfield, A Kinnear
- P20 Optimal positioning for haemodynamics in term pregnant women** S21
AT Dennis, [AB Buckley](#), T Mahendrayogam, L Leeton
- P21 Psychometric performance of unidimensional pain scales in early active labour without analgesia** S22
[JM Ferns](#), C Traill, L Hamata, A Kiss, P Angle
- P22 Painting a picture of severe pain in labour** S22
[C Traill](#), P Angle, JM Ferns, L Hamata, W Elia, S Selvanayagam
- P23 Introduction of a troubleshooting guideline to standardise management of inadequate labour epidural analgesia** S23
C Marshall, [N Sharma](#), K Litchfield, R Cowan, C Love
- P24 Programmed intermittent epidural bolus technique: external validity of trial results** S23
L Gabriel, J Young, I Hoesli, T Girard, [S Dell](#)
- P25 Instrumental delivery rate unaffected by change from midwife-led top-ups to patient-controlled epidural analgesia** S24
[SE Smith](#), BT Rudge, M Columb, GM Stocks
- P26 Investigating determinants for patient satisfaction after receiving epidural analgesia for labour pain** S24
[DJA Tan](#), RNL Han, R Sultana, JP Lew, AT Sia, BL Sng
- P27 Labour epidurals: the diminishing returns of repeated intervention** S25
[N Sharma](#), C Marshall, S Young
- P28 A change in practice to programmed intermittent bolus with PCEA in labour results in reduced local anaesthetic consumption, improved leg mobility but no change in analgesia** S25
V Karthikeyan, [A Panickar](#), I Wrench
- P29 Effect of labour analgesia on labour outcome in Slovenia: a retrospective analysis of 168 863 births between 2003 and 2013** S26
[T Stopar Pintaric](#), J Bergant, T Sirc, I Verdenik, M Lucovnik
- P30 Retrospective observational study of remifentanyl patient controlled analgesia and length of labour** S26
[KG Barr](#), EC Rogers, S Al-Rawi, RA Isaacs, L Relton
- P31 Audit of 16 years of obstetric-specific critical care admission data in a stand-alone tertiary maternity unit** S27
[T Drew](#), D Cosgrave, M Bowen
- P32 Retrospective review of morbidly obese parturients attending high risk anaesthetic clinic in a tertiary referral centre** S27
[R Thuraiatnam](#), R Vargulescu, F Schroeder, R Wendler, S Hammond
- P33 Epidemiology and outcomes of antepartum maternal critical care admissions in a Scottish district general hospital** S28
[CA McCue](#), RM Williamson
- P34 The increasing burden of maternal obesity: high BMI parturients and anaesthetic workload** S28
[R Foye](#), C Marshall, K Litchfield
- P35 Five-year service evaluation of obstetric critical care admissions to tertiary intensive care** S29
[SN Phillips](#), R Cambell, D Matthew
