Please cite this article as: Fluegge, Keith, Propionic acid metabolism, ASD, and vitamin B12: is there a role for environmental nitrous oxide?.International Journal of Developmental Neuroscience <http://dx.doi.org/10.1016/j.ijdevneu.2016.12.007>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Short title:** Discussion

**Full title:** Propionic acid metabolism, ASD, and vitamin B12: is there a role for environmental nitrous oxide?

**Author:** Keith Fluegge

**Affiliation:** Institute of Health and Environmental Research, Cleveland, Ohio 44118 USA

**Corresponding author:** Keith Fluegge, Institute of Health and Environmental Research, Cleveland, USA, email: keithfluegge@gmail.com, phone: (614) 633-8952

**Postal Address:** Not applicable

**Highest Academic Degree:** Not applicable

**Competing Interests:** There are no competing interests to declare.

**Funding:** This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

**Originality:** The content included in this correspondence is original and has not been previously published or considered elsewhere.
