Title: Reptile thermogenesis and the origins of endothermy

Author: Glenn J. Tattersall

PII: S0944-2006(16)30013-7

DOI: <http://dx.doi.org/doi:10.1016/j.zool.2016.03.001>

Reference: ZOOL 25491

To appear in:

Received date: 1-3-2016

Accepted date: 3-3-2016

Please cite this article as: Tattersall, Glenn J., Reptile thermogenesis and the origins of endothermy. *Zoology* <http://dx.doi.org/10.1016/j.zool.2016.03.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
