

Accepted Manuscript

Exploring the potential of genome editing CRISPR-Cas9 technology

Vijai Singh, Darren Braddick, Pawan Kumar Dhar

PII: S0378-1119(16)30886-1
DOI: doi: [10.1016/j.gene.2016.11.008](https://doi.org/10.1016/j.gene.2016.11.008)
Reference: GENE 41660

To appear in: *Gene*

Received date: 15 July 2016
Revised date: 18 October 2016
Accepted date: 6 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Exploring the potential of genome editing CRISPR-Cas9 technology
