Accepted Manuscript

Lysine Acetylation and Deacetylation in Brain Development and Neuropathies

Alicia Tapias, Zhao-Qi Wang

PII:	S1672-0229(17)30003-7
DOI:	http://dx.doi.org/10.1016/j.gpb.2016.09.002
Reference:	GPB 235
To appear in:	Genomics, Proteomics & Bioinformatics
Received Date:	30 August 2016
Revised Date:	11 September 2016
Accepted Date:	13 September 2016

Please cite this article as: A. Tapias, Z-Q. Wang, Lysine Acetylation and Deacetylation in Brain Development and Neuropathies, *Genomics, Proteomics & Bioinformatics* (2017), doi: http://dx.doi.org/10.1016/j.gpb.2016.09.002

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
