

## Accepted Manuscript

Title: Voltage- and receptor-mediated activation of a non-selective cation channel in rat carotid body glomus cells

Author: Jiaju Wang James O. Hogan Donghee Kim

PII: S1569-9048(16)30179-3

DOI: <http://dx.doi.org/doi:10.1016/j.resp.2016.12.005>

Reference: RESPNB 2736

To appear in: *Respiratory Physiology & Neurobiology*

Received date: 14-9-2016

Revised date: 16-11-2016

Accepted date: 8-12-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Voltage- and receptor-mediated activation of a  
non-selective cation channel in rat carotid body glomus cells

Jiaju Wang, James O. Hogan, Donghee Kim
