This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Switching of Adenosine Diphosphate Receptor Inhibitor After Hospital Discharge Among Myocardial Infarction Patients: Insights from the TRANSLATE-ACS Observational Study

Brief title: Zettler et al.: Switching of ADPri Post-discharge

Marjorie E. Zettler, PhD, MPH^a; Eric D. Peterson, MD, MPH^b; Lisa A. McCoy, MS^b;
