Conflicts of Interest/ Sources of Funding: Dr. Bhattacharjee is supported by a Postdoctoral Training Grant from the Agency for Healthcare Research and Quality (4T32HS000078). Dr. Churpek is supported by a career development award from the National Heart, Lung, and Blood Institute (K08 HL121080). Drs. Churpek and Edelson have a patent pending (ARCD. P0535US.P2) for risk stratification algorithms for hospitalized patients. In addition, Dr. Edelson has received research support and honoraria from Philips Healthcare (Andover, MA), research support from the American Heart Association (Dallas, TX) and Laerdal Medical (Stavanger, Norway), and an honorarium from Early Sense (Tel Aviv, Israel). She has ownership interest in Quant HC (Chicago, IL), which develops products for risk stratification of hospitalized patients.

Key words: sepsis, SOFA, SIRS, clinical decision support systems
