Ex Vivo Lung Perfusion: A Key Tool for Translational Science in the Lungs

Shinya Tane, MD PhD, Kentaro Noda, PhD, Norihisa Shigemura, MD PhD

PII: S0012-3692(17)30262-3

DOI: [10.1016/j.chest.2017.02.018](https://doi.org/10.1016/j.chest.2017.02.018)

Reference: CHEST 971

To appear in: *CHEST*

Received Date: 18 November 2016

Revised Date: 10 February 2017

Accepted Date: 15 February 2017

Please cite this article as: Tane S, Noda K, Shigemura N, Ex Vivo Lung Perfusion: A Key Tool for Translational Science in the Lungs, *CHEST* (2017), doi: 10.1016/j.chest.2017.02.018.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Submitted for: Ahead of the Curve
