Summary conflict of interest statement

All authors declare no support from any organisation for the submitted work; no financial relationships with any organisations that might have an interest in the submitted work in the previous three years; no other relationships or activities that could appear to have influenced the submitted work.

Funding

evidENT at University College London is supported by a National Institute for Health Research (NIHR) Research Professorship award to Anne GM Schilder. Deepak Chandrasekharan is supported by an NIHR Academic Clinical Fellowship. Expert systematic review advice from Irene Kreis was made available through a Royal College of Surgeons of England Clinical Trials Initiative award. These organisations did not participate in the design of the review, collection, management, analysis and interpretation of the data, nor did it have a role in the preparation, review or approval of the manuscript. All authors were independent from the funder and had access to all the data.

Notation of prior abstract publication/presentation

Presentation, British Paediatric Sleep Association videoconferencing meeting, London, UK, 16 Sept 2016

Presentation, European Society of Paediatric Otorhinolaryngology 2016 meeting, Lisbon, Portugal, 18-21 June 2016

Presentation, British Academic Conference in Otolaryngology, BAPO session, Liverpool, UK, 8-10 July 2015
