Conflicts of interest: None of the authors listed above have any relevant conflicts of interests (as defined below) to disclose.

Definition from CHEST authors' instructions online:

CHEST asks that authors report any potential conflicts in a three-year period prior to the date of submission and, if known, any upcoming conflicts. Categories to be reported include: royalties or in-kind benefits (eg, travel, accommodations) from a commercial entity, shareholdings, speaker bureau activities, industry advisory committees, expert witness testimony, and litigation related to the subject of the manuscript.

Funding Information: Not applicable

Notation of prior abstract publication/presentation: Not applicable
