Cardiac Transplantation in Children and Adolescents with Long QT Syndrome

Angela M. Kelle, MD, J. Martijn Bos, MD, PhD, Susan P. Etheridge, MD, Bryan C. Cannon, MD, Randall M. Bryant, MD, Jonathan N. Johnson, MD, Michael J. Ackerman, MD, PhD

PII: S1547-5271(17)30451-4

DOI: [10.1016/j.hrthm.2017.04.023](https://doi.org/10.1016/j.hrthm.2017.04.023)

Reference: HRTM 7125

To appear in: *Heart Rhythm*

Received Date: 28 December 2016

Please cite this article as: Kelle AM, Bos JM, Etheridge SP, Cannon BC, Bryant RM, Johnson JN, Ackerman MJ, Cardiac Transplantation in Children and Adolescents with Long QT Syndrome, *Heart Rhythm* (2017), doi: 10.1016/j.hrthm.2017.04.023.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Cardiac Transplantation in Children and Adolescents with
Long QT Syndrome**

Short Title: Cardiac Transplantation in LQTS

Angela M. Kelle, MD,^a J. Martijn Bos, MD, PhD,^{a,c} Susan P. Etheridge, MD,^d Bryan C.
Cannon, MD,^{a,c} Randall M. Bryant, MD,^e Jonathan N. Johnson, MD,^{a,c} Michael J.
Ackerman, MD, PhD^{a-c}

^aDepartment of Pediatric and Adolescent Medicine, Division of Pediatric Cardiology,

^bDepartment of Molecular Pharmacology & Experimental Therapeutics, Windland Smith
Rice Sudden Death Genomics Laboratory, and ^cDepartment of Cardiovascular Diseases,
Division of Heart Rhythm Services, Mayo Clinic, Rochester, Minnesota, USA.

^dDepartment of Pediatrics, Division of Pediatric Cardiology, University of Utah, Salt
Lake City, Utah, USA. ^eDepartment of Pediatrics, Division of Pediatric Cardiology,
University of Florida, Gainesville, Florida, USA.

Dr. Ackerman is a consultant for Boston Scientific, Gilead Sciences, Invitae,
Medtronic, Myokardia and St. Jude Medical. Dr. Ackerman and Mayo Clinic have
received sales-based royalties from Transgenomic's FAMILION-LQTS and FAMILION-
CPVT genetic tests, and have licensed intellectual property to AliveCor. Dr. Cannon is a
consultant for Medtronic. None of these entities provided funding for this study. Drs.
Kelle, Bos, Etheridge, Bryant, and Johnson have no disclosures.
