Risk of Atrioesophageal Fistula Formation with Contact-Force Sensing Catheters

Eric Black-Maier, MD, Sean D. Pokorney, MD, MBA, Adam S. Barnett, MD, Emily P. Zeitler, MD MHS, Albert Y. Sun, MD, Kevin P. Jackson, MD, FHRS, Tristram D. Bahnson, MD, FHRS, James P. Daubert, MD, FHRS, Jonathan P. Piccini, MD, MHS, FHRS

PII: S1547-5271(17)30452-6

DOI: [10.1016/j.hrthm.2017.04.024](https://doi.org/10.1016/j.hrthm.2017.04.024)

Reference: HRTM 7126

To appear in: *Heart Rhythm*

Received Date: 23 February 2017

Please cite this article as: Black-Maier E, Pokorney SD, Barnett AS, Zeitler EP, Sun AY, Jackson KP, Bahnson TD, Daubert JP, Piccini JP, Risk of Atrioesophageal Fistula Formation with Contact-Force Sensing Catheters, *Heart Rhythm* (2017), doi: 10.1016/j.hrthm.2017.04.024.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Risk of Atrioesophageal Fistula Formation with Contact-Force Sensing Catheters

Running title: CF-sensing ablation and AE fistulas

Word Count = 3892 (inclusive of entire document)

Eric Black-Maier, MD, Sean D. Pokorney, MD, MBA, Adam S. Barnett, MD, Emily P. Zeitler, MD

MHS, Albert Y. Sun, MD, Kevin P. Jackson, MD, FHRS, Tristram D. Bahnson, MD, FHRS,

James P. Daubert, MD, FHRS, Jonathan P. Piccini¹, MD, MHS, FHRS

Cardiac Electrophysiology Section, Duke Center for Atrial Fibrillation, Duke Clinical Research Institute, Duke University Medical Center, Durham, NC

Disclosures

EBM, ASB, EPZ, AYS, and KPJ have no relevant disclosures. SDP reports research support from Boston Scientific, Gilead, Bristol-Myers Squibb, and the Food and Drug Administration; advisory board/consulting support from Boston Scientific, Medtronic, and Bristol-Myers Squibb. TBD receives research funding from St Jude Medical. JPD reports receiving honoraria and/or research support from Boston Scientific, Biosense Webster, and St Jude Medical. JPP receives research funding from Boston Scientific, Johnson & Johnson, and St Jude Medical and provides consulting to Johnson & Johnson and Medtronic.
